

117TH CONGRESS
2D SESSION

S. _____

To provide for security in the Black Sea region, and for other purposes.

IN THE SENATE OF THE UNITED STATES

Mrs. SHAHEEN (for herself and Mr. ROMNEY) introduced the following bill;
which was read twice and referred to the Committee on

A BILL

To provide for security in the Black Sea region, and for
other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Black Sea Security
5 Act of 2022”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) The Black Sea region is of critical impor-
9 tance to the national security of six nations:

1 Ukraine, Georgia, Moldova, Romania, Bulgaria, and
2 Turkey.

3 (2) The Black Sea region has been a zone of in-
4 creasing tension and conflict on the eastern border
5 of the European Union and the North Atlantic Trea-
6 ty Organization (NATO) following President Vladi-
7 mir Putin's 2014 and 2022 invasions of Ukraine
8 and 2008 invasion of Georgia, which still has terri-
9 tories illegally occupied by the Russian Federation.

10 (3) Since the illegal attempted annexation of
11 Ukraine's Crimea region in 2014, the Russian Fed-
12 eration has enhanced the Black Sea Fleet to in-
13 crease its presence in the region, enhanced its air
14 and coastal defenses, disregarded international law
15 regarding freedom of navigation to interrupt in reg-
16 ular shipping routes, and threatened freedom of
17 navigation exercises in the Black Sea.

18 (4) Since its military interventions in the Black
19 Sea region starting in 2008, the Russian Federation
20 has undertaken persistent hybrid measures to fur-
21 ther destabilize the region through malign influence
22 campaigns.

23 (5) Since the 2022 invasion of Ukraine by the
24 Russian Federation, the unity among Black Sea
25 countries has strengthened, particularly among

1 NATO member countries Romania, Bulgaria, and
2 Turkey.

3 (6) The Russian Federation is leveraging its il-
4 legal claim over Black Sea waters and the territories
5 of Black Sea region states to execute military exer-
6 cises to threaten the territorial sovereignty of
7 Ukraine and kill innocent civilians.

8 (7) Russia has a long history of using its posi-
9 tion in the Black Sea and Crimea to threaten NATO
10 allies, including the HMS Defender incident of June
11 2021, when a British ship was harassed by Russian
12 ships while undertaking a freedom of navigation pa-
13 trol in waters near the Crimean Peninsula.

14 (8) While NATO has conducted routine exer-
15 cises in the region, the United States presence in the
16 Black Sea has decreased since Russia's annexation
17 of Crimea due to competing security priorities
18 among allies, a lack of available ships and resources,
19 and a lack of a clearly defined regional strategy.

20 (9) While, in February 2022, Turkey blocked
21 the entry of Russian warships into the Black Sea
22 pursuant to the Convention regarding the Regime of
23 the Straits, signed at Montreux, Switzerland July
24 20, 1936 (commonly known as the "Montreux Con-
25 vention"), the Montreux Convention does not ac-

1 count for the increase in size, weight, and capabilities
2 ties of modern warships, and Russia does not have
3 the same limits on tonnage as non-littoral states.

4 (10) Turkey has resisted attempts to change its
5 interpretation of the Montreux Convention to avoid
6 weakening their position in the region.

7 (11) While NATO has long recognized the strategic
8 importance of the Black Sea, Russia has
9 sought to capitalize on at times divergent priorities
10 among NATO members in the region to advance expansionist
11 claims.

12 (12) On February 24, 2022, Russian Federation
13 President Vladimir Putin instigated an
14 unprovoked, unjustified, and unlawful war violating
15 the territorial integrity of the sovereign country of
16 Ukraine and is using the Russian Federation's military
17 presence on the Black Sea to kill innocent
18 Ukrainian civilians.

19 (13) The Russian Federation's unprovoked war
20 on Ukraine has underscored the importance of the
21 Black Sea region to United States national security
22 interests.

23 (14) The Russian Federation's unprovoked war
24 has caused a food security crisis as 20,000,000-
25 30,000,000 tons of Ukrainian grain remain unable

1 to leave Ukraine in an efficient and secure manner.
2 The war has also impeded Ukraine's ability to
3 produce and transport next year's harvest.

4 (15) The Russian Federation's actions in and
5 around the Black Sea have also disrupted secure, re-
6 liable access to energy resources throughout Europe.
7 Notably, Gazprom suspended natural gas supplies to
8 Poland and Bulgaria on April 27, 2022, after the
9 two countries refused to abide by a March 31, 2022,
10 Russian decree that all payments be made in rubles,
11 in violation of the terms of their contracts with
12 Gazprom.

13 (16) The People's Republic of China (PRC)'s
14 coercive economic policies also threaten the economic
15 stability of the Black Sea region.

16 **SEC. 3. SENSE OF CONGRESS ON BLACK SEA SECURITY.**

17 (a) SENSE OF CONGRESS.—It is the sense of Con-
18 gress that—

19 (1) it is in the interest of the United States to
20 prevent the spread of further armed conflict in Eu-
21 rope by recognizing the Black Sea region as an
22 arena of Russian aggression;

23 (2) the littoral members of the Black Sea are
24 critical in countering aggression by the Government

1 of the Russian Federation and maintaining the col-
2 lective security of the NATO alliance;

3 (3) the repeated, illegal, unprovoked, and vio-
4 lent attempts of the Russian Federation to expand
5 its territory and control access to the Mediterranean
6 through the Black Sea constitutes a threat to the
7 national security of the United States and the
8 NATO alliance;

9 (4) the United States condemns attempts by
10 the Russian Federation to change or alter bound-
11 aries in the Black Sea region by any means contrary
12 to international law;

13 (5) the United States and its allies should
14 robustly counter Russia's illegal territorial claims on
15 the Crimean Peninsula, along Ukraine's territorial
16 waters in the Black Sea and the Sea of Azov, in the
17 Black Sea's international waters, and in the terri-
18 tories it is illegally occupying in Ukraine;

19 (6) the United States should continue to work
20 within NATO and with NATO allies to develop a
21 long-term strategy to enhance security, establish a
22 permanent, sustainable presence in the eastern
23 flank, and bolster the democratic resilience of its al-
24 lies and partners in the region;

1 (7) the United States should also work with the
2 European Union in coordinating a strategy to sup-
3 port democratic initiatives and economic prosperity
4 in the region, which includes two European Union
5 members and four aspirant nations;

6 (8) the United States should explore efforts to
7 rebuild trust and bilateral relations with Turkey, a
8 key ally in the Black Sea region and a bulwark
9 against Iran;

10 (9) it is in the interest of the United States
11 that NATO adopt a robust strategy toward the
12 Black Sea, including by working with interested
13 partner countries in the region to advance common
14 security objectives;

15 (10) the United States should work to foster
16 dialogue among countries within the Black Sea re-
17 gion to improve communication and intelligence
18 sharing and increase cyber defense capabilities;

19 (11) countries with historic and economic ties
20 to Russia are looking to the United States and Eu-
21 rope to provide a positive economic presence in the
22 broader region as a counterbalance to the Russian
23 Federation's malign influence in the region;

1 (12) it is in the interest of the United States
2 to support and bolster the economic ties between the
3 United States and Black Sea partners;

4 (13) the United States should support the ini-
5 tiative undertaken by central and eastern European
6 states to advance the Three Seas Initiative Fund to
7 strengthen transport, energy, and digital infrastruc-
8 ture connectivity in the region between the Adriatic
9 Sea, Baltic Sea, and Black Sea;

10 (14) there are mutually beneficial opportunities
11 for increased investment and economic expansion,
12 particularly on energy, climate, and transport infra-
13 structure initiatives, between the United States and
14 Black Sea states and the broader region;

15 (15) improved economic ties between the United
16 States and the Black Sea states and the broader re-
17 gion can lead to a strengthened strategic partner-
18 ship;

19 (16) the United States must address the food
20 security challenges arising from closure of Ukraine's
21 Black Sea ports, as this global challenge will have
22 critical national security implications for the United
23 States, our partners, and allies;

24 (17) Russia has a brutal history of using hun-
25 ger as a weapon and must be stopped; and

1 (18) countering the PRC's coercive economic
2 pursuits remains an important policy imperative in
3 order to further integrate the Black Sea countries
4 into western economies and improve regional sta-
5 bility.
